A long time ago, before you were born, JPRG, or the Knights of Relm, was a powerful nation of warriors who roamed the lands. Sadly they were plagued by terrible foes and faced extinction... if not for the brave men and women known as Knights. During one of their last efforts to hold back the enemy, their leader Coran made an ancient prophecy known as the Prophecy of Spirits. The Prophecy foretold the return of a true hero, who would save the world and reunite the kingdom. That one would be known as the Savior of Relm. Years have passed, and rumors of a savior are told to the children as a legend. Now, one of those legendary children is up to the task and is ready to put an end to the tyranny of the Air Duke... and bring a new hope for all of Relm. Features: • New protagonist • New gameplay engine, Corellia! • Quick and Action-based battle system • Accurate and satisfying turn-based battle system • Battle system making use of the comprehensive party formation system • Hundreds of in-game jobs to help players progress through the game • Fully destructible environment, and fully customizable environment • Over 300 weapons and accessories • Balanced distribution of summon contracts to help players get the best from their characters • Classic Characters from around the world for you to meet and grow attached to • Player growth to skill levels based on how the player played the game • Daily and weekly gameplay events to help players customize their gameplay experience • Free to Play, player-defined in-game currency to purchase items or to enhance player equipment • Equip items purchased through the economy with new items • Battle Droids to assist the player • Battle calculations that allow the player to strategize, plan ahead, execute and exploit their opponent's weaknesses • Save and load replays, game logs, etc. System Requirements: • CPU: Intel Core 2 Duo, AMD Phenom II X4, or faster (3.2GHz) • Memory: 2 GB RAM • Storage: 3 GB available space • DirectX: Version 9.0c or higher • Monitor: 1280x720 resolution • OS: Windows XP or later Supported: • OS: Windows XP • Description: Intel Core 2 Duo, AMD Phenom II X3, or newer • Supported: Visual C++ 2005 and later • Description: Intel Core 2 Duo c9d1549cdd

Thank you and Happy Developing!I think he's using that one for a reference to the "non-binary" thing. I'm not bisexual, but I like things that aren't anything in particular. Which is weird, but that's why I don't know what I want in terms of sex or which gender/sexuality description fits me best. Also, you can be bisexual and not like all orientations. I just asked my girlfriend why she thought I was so snooty and she said, "Yeah, you like strident people." I'm like, "Well, I'm sure I'm not that snooty, but yes, I do enjoy vehemently-voiced people." Anyways, if people don't want to call me "cis" after what
